

## Round → Renewal

We have been sending our son to SSA soccer trainings for the past 2 years. SSA strives to build children's confidence through its paced trainings for growth. Our child is developing and progressing well. ~~and~~ It is good to note that coaches like Dave, Kali and Mohamed really get close and provide personal attention to every child.

The facilities are well maintained and we are able to enjoy good sports ~~under~~ indoors at the age. This way there is always "game on" hail or shine.

We have seen good progress and wish SSA to continue with their development ~~programs~~ <sup>trainings</sup> which occasionally include overseas coaches.

Best wishes  
Ravi and Veerita
